the chief executive program

Chief executives face make-or-break decisions every day. Though the stakes are getting higher, the world is moving faster—so you make quick decisions and hope your gut instinct is right. But, how much better would you sleep at night if you could tap into the experience of other business leaders who have already been there? The Vistage Chief Executive Program™ delivers the vital perspective you need to see the big picture, test your ideas, and move your company to the next level. Because better performance doesn't have to cost you peace of mind.

"I've received tremendous value from Vistage. On one decision alone, my group's feedback saved us \$10 to \$12 million on a capital expenditure. In another case, the impact of changes I made in the marketing area of our company will increase revenues \$1 million to \$2 million a year."

benefits of the chief executive program

better leadership New ideas, fresh thinking and perspectives fuel continued growth and innovation. The Vistage Chief Executive Program will inspire your best thinking, challenge your assumptions and give you a platform to implement insights with confidence and precision.

Business leaders have few people to turn to for seasoned advice and the plain truth. With no agenda except to help you succeed, your Vistage group and Chair will help you uncover opportunities and hold you accountable for taking action.

enhanced decision making Vistage provides the most effective sounding board for your toughest decisions—fellow chief executives who have met and overcome the same challenges you're facing. Like getting the “trial” without the “error,” it will help you make better decisions when the stakes are highest.

better results In the end, the Vistage Chief Executive Program is about improving your performance so your company can perform better. It's about continuous, accelerated, practical learning—more lasting than any one-time workshop or any flavor-of-the-day business book—and about turning your good intentions into great results.
