**ELEVATE YOUR BUSINESS
AND YOUR LIFE**

CEOS & OWNERS OF SMALL + MIDSIZE BUSINESSES

When you feel like you're in it alone

Or that you're stuck in the weeds

When you face change and uncertainty

Or exciting opportunities

When you're ready to take your business,
your team, your life to the next level...

Vistage is here for you with a proven path
to greater success that has helped 100,000+
business leaders climb higher since 1957.

IT STARTS WITH YOUR CLIMB TEAM

For more than 65 years, Vistage has been bringing together high-integrity CEOs and business owners into confidential advisory groups made up of about a dozen local, non-competing peers. Each member brings fresh perspectives, inspiration, objective advice and their own experiences to help fellow leaders reach higher ground.

YOUR TRUSTED GUIDE LEADS THE WAY

Vistage Chairs guide the groups. They are accomplished leaders, many are former CEOs themselves. Part meeting facilitator, part coach and full confidant, Chairs help stimulate thinking, frame issues, focus discussions and ensure accountability.

Chairs also meet with you for private one-to-one sessions to help you explore the issues holding you back and the opportunities that can drive you forward.

"The one-to-one meetings I have with my Chair provide experience and insight from a real-world perspective — much more valuable than any book I could read for tips."

YOU GAIN CLARITY & PERSPECTIVE

Within your confidential group, you can speak candidly about any topic. Using a proprietary framework called “issue processing,” your Chair keeps the discussion focused, productive and actionable. As a result, you’re able to evaluate solutions more critically before taking action.

“Through the speakers, my Chair, other members... every idea that I have is questioned. Any new product, new market, or budget constraints are always challenged and thought through.”

They spark innovative approaches for business, leadership and personal development. From HR to AI and beyond, you're kept up-to-speed on best practices and issues that matter most.
