Vistage Key Executives

**As a senior executive, where do you turn
for your leadership development?**

VISTAGE

A Vistage Key Executive group can help you master the key elements of any successful executive and unlock your full potential as a leader.

You and your peers share the same goal: to be an extraordinary leader who inspires remarkable results.

Working with tens of thousands of senior executives since 1957, Vistage has found that reaching such great heights rarely happens on your own. That's why we've developed a way for you to connect with peers who share the same ambitious goals.

Vistage members dream big, and they take action to turn those dreams into reality.

We've designed our Key Executive groups to be a place where you and your peers work toward attaining your objectives, both professional and personal. Join a group and you'll meet monthly with other high-performing leaders who are deeply committed to helping each other define and achieve their goals.

Each Vistage group is professionally facilitated by a Vistage Chair – an experienced executive coach who is totally dedicated to the success of their members. Together, you'll outperform the competition: a recent 2015 analysis revealed that members who joined Vistage during the past five years grew their companies at three times the rate of average U.S. companies.

Pursue your
dreams.

Rise above demands.

You're passionate about your work and strive to balance competing priorities.

As a key executive, you are responsible for managing your team's objectives while executing on your organization's strategic initiatives. In a Vistage Key Executive group, you'll step out of the action once a month and sort through the demands you face on a daily basis. You'll come away with practical approaches and sound advice for rising above virtually any challenge.

"Vistage, for me, brings a human element to what I'm doing. I look at my employees' contributions to my business and ask, 'Am I doing the best that I can to inspire my team?'"
